

Greeting the 35th anniversary of the founding

We always and deeply appreciate your special courtesies.

Now then, we celebrated the 35 anniversary of its founding as of April 26 this year.
I would entirely and heartily be grateful to the gifts of your support and patronage.

With targeting firmly the needs of society in the future, I there intend to work together
with my employees toward the creation of new value.

Thank you all in advance for your further and continuing support and patronage.
